in 2023 compared to 2018

Our Future: Focusing
our business growth
supporting critical
global transitions.

Global Trends

Climate & Energy Transition

Circular & Usage Economy

Food Transition

Social Inclusion

Key Commitments

Rabobank has signed up to large number of commitments covering a broad range of activities and industries.

Requirements from many other commitments on environmental, social and governance issues, are embedded in **DLL ESG policy framework**.

Future requirements impacting DLL:

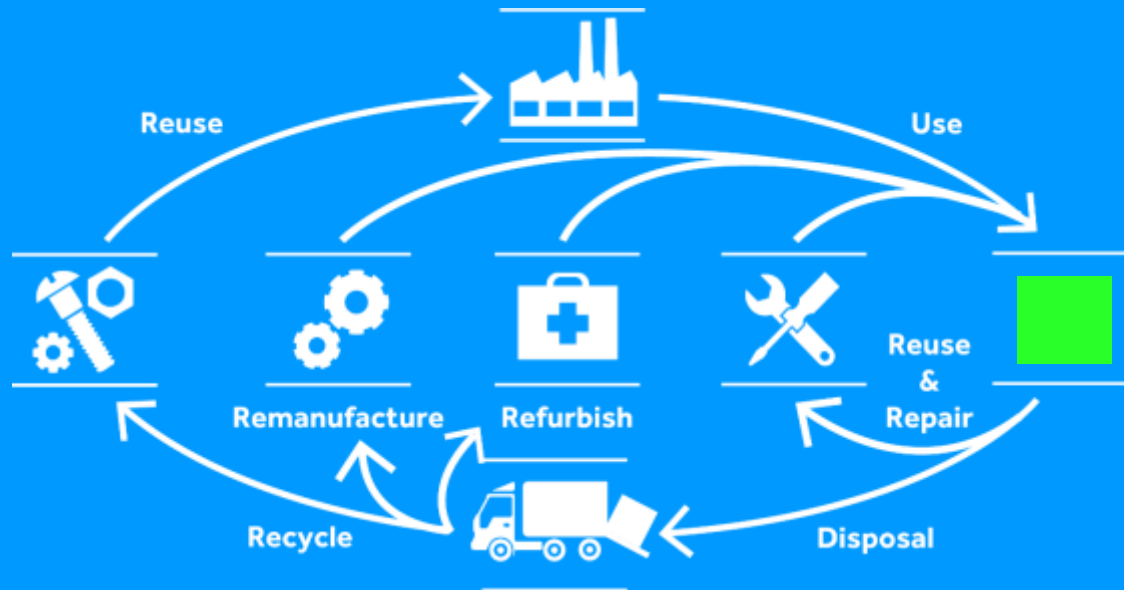

- Wider scope and more granular data for reporting financed emissions
- Financed Emissions reduction targets (Paris Alignment)
- New Biodiversity and Human Rights related commitments to be implemented in credit approval process

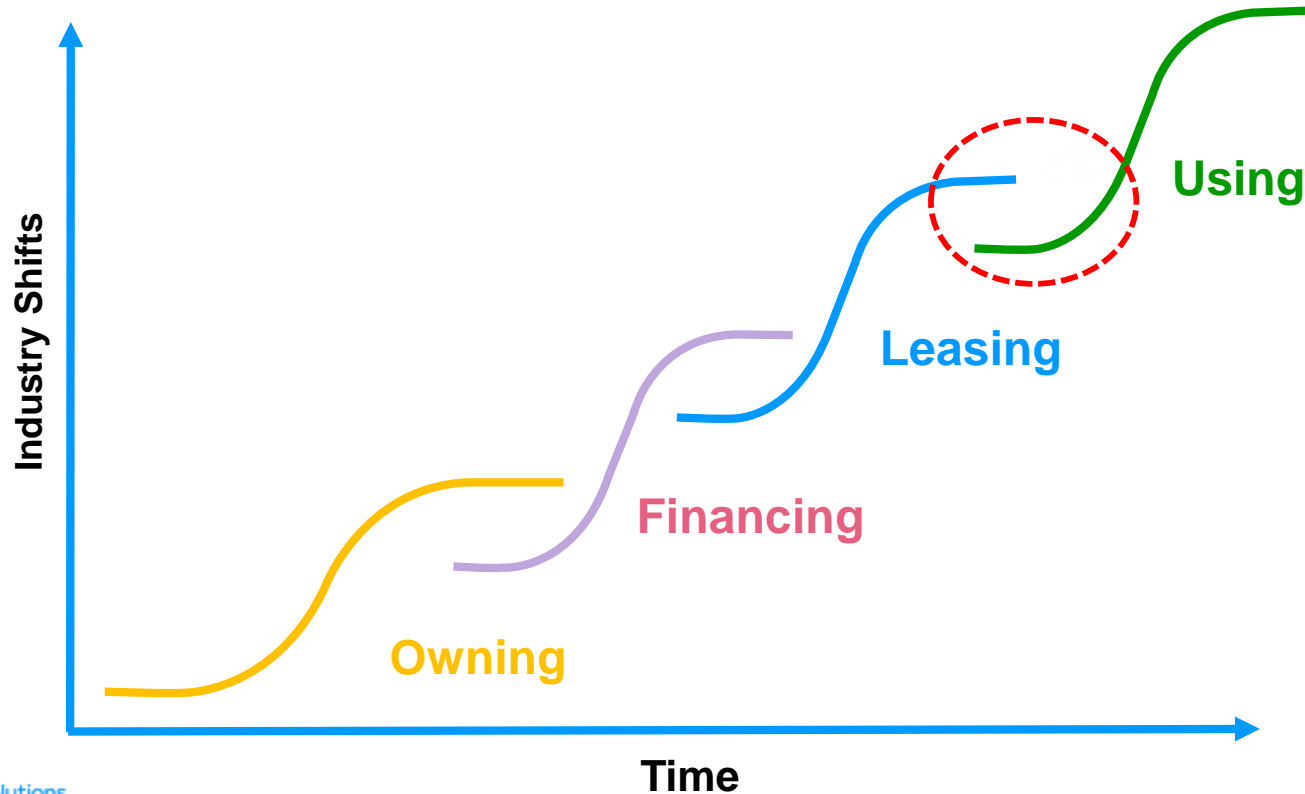

A man in a light blue polo shirt and dark trousers stands in a grassy field, looking towards a large array of solar panels. The panels are tilted and arranged in rows, with a chain-link fence and trees in the background. A blue horizontal bar is at the top left.

What can **we** do to
help our customers
make the transition?

Support the complete asset life cycle

Develop our financial solutions

Exploring new assets and industries
